

A terminal window with a dark background. On the left is a vertical toolbar with icons for file explorer, search, run and debug, and a Python logo. The main area shows the execution of a Python script. It prompts for a first name ('John') and a last name ('Doe'), then prints a welcome message. The process ends with 'exit code 0'. The bottom status bar shows the project name 'PythonProject', the file 'Greeting.py', the time '4:35', encoding 'CRLF', 'UTF-8', indentation '4 spaces', and the Python version 'Python 3.10 (PythonProject)'.

```
Enter your first name: John
Enter your last name: Doe
Hello, John Doe! Welcome to the Python program.
Process finished with exit code 0
```

PythonProject > Greeting.py 4:35 CRLF UTF-8 4 spaces Python 3.10 (PythonProject)
